

 **mpg**
group

A company part of: **Pérez y Cía**
group 

MPG Group is part of Pérez y Cía. Group, a company founded in 1853 and with the largest network in Spain and Portugal, along with its international vocation, firmly established in the Caribbean and Central America.

At MPG Group we design comprehensive and specialized logistics solutions, providing high-value services throughout all the supply chain, with extensive experience and expertise in all areas of international trade.

We provide global support services to the shipping and logistics sectors with **professionalism, efficiency and respect for the environment**, in all stages of the supply chain.

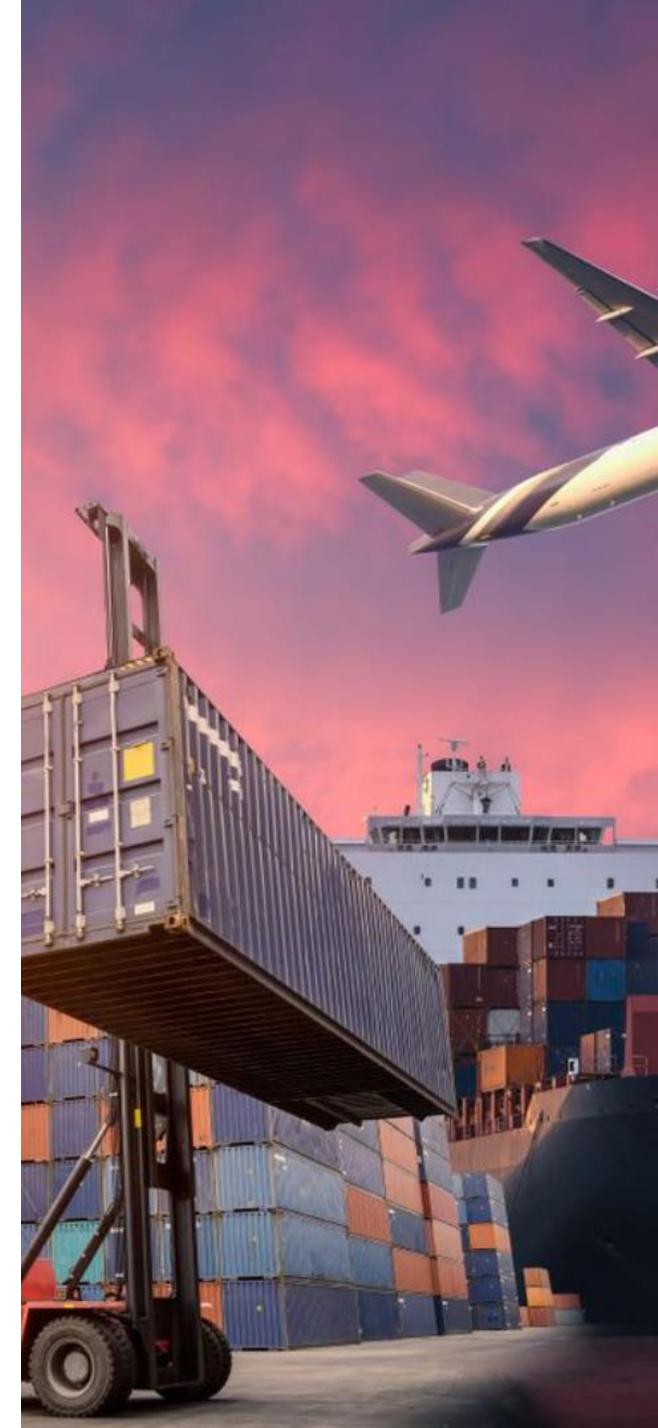

All this is achieved thanks to the effort and involvement of more than 200 professionals, who work in MPG's own offices, distributed between **Europe, America, Asia and Africa**.

In addition, through an international infrastructure, at MPG Group we have a **wide network of agents and partners** thus treasuring the ability to offer global coverage, according to the needs of each client.
